

#AnimBehav2023 Twitter Conference: A Visual Explainer for Presenters

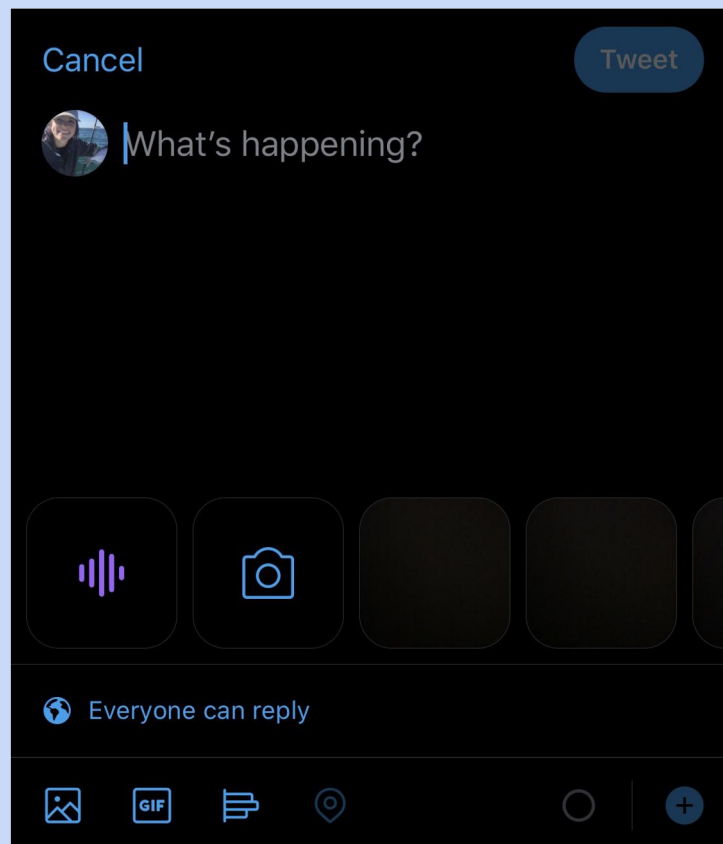

Presenting From Your Phone

1. Open the Twitter app and click on the feather icon located in the lower right corner

Pro Tip: Create your thread at least 30 minutes before your scheduled time! You can save "as drafts" so you are ready when it is time to Tweet your presentation!

You are now ready to start your Twitter thread!

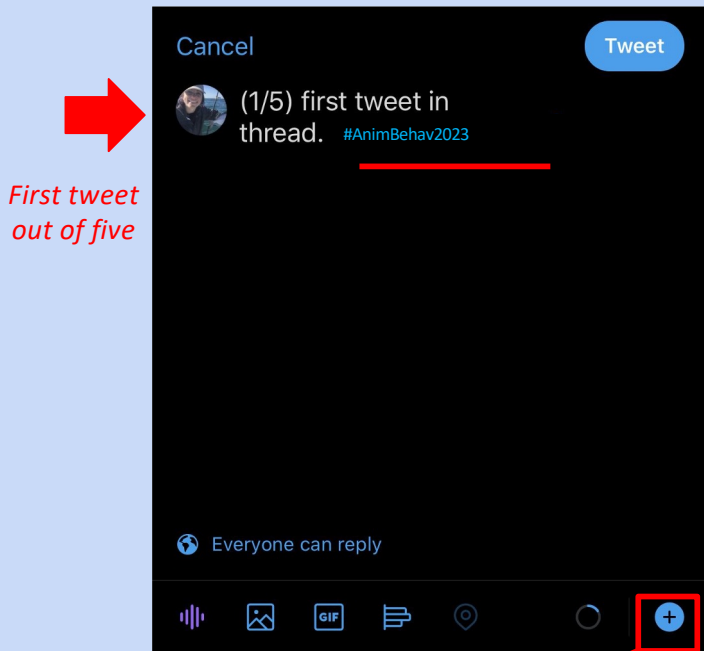

#AnimBehav2023

2. You are now ready to create your Twitter thread! For each tweet, remember to indicate which tweet is it in the thread (e.g., 1/5). Also don't forget to add the #AnimBehav2023 hashtag in each thread.

First tweet out of five

3. Continue adding threads until you have completed your presentation

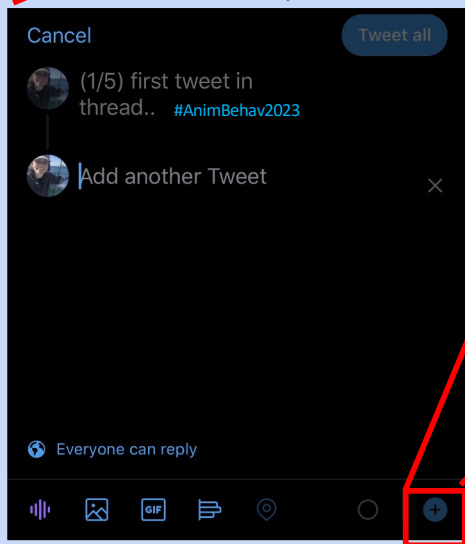

Want to add a picture to one of the threads?
Click on the image icon

Click here to add an image or file to your tweet!

Click on the "plus" sign to add another tweet to the thread!

Continue with the second tweet in your thread.

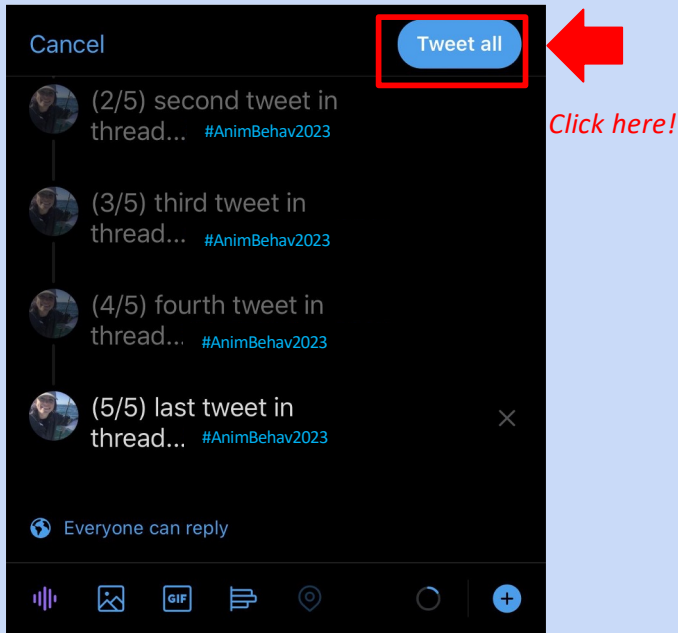

Click on the "plus" sign to add another thread to the tweet.

Click here!

4. When you have completed your thread, at your scheduled time hit "Tweet All" to tweet your presentation.

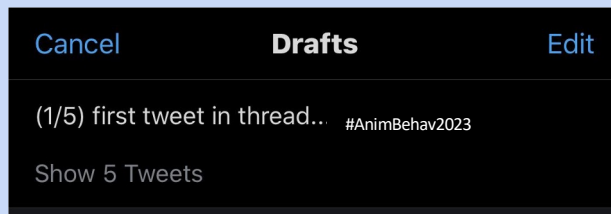

5. You can also save your draft ahead of time and Tweet it at your scheduled time. To save as a draft, when your thread is complete click "cancel" then "save draft."

6. To open a draft, click on the "Tweet" icon. Then click on the "drafts" icon.

The first thread of your draft will appear. Just click on the thread to view the whole thread. Follow step 4 to tweet your thread at your scheduled time.

5. The Twitter audience may start asking questions! On the last tweet of your thread, look at the number next to the “chat bubble” icon to view audience members’ responses to your tweet

1 question

To view the question, click on the general area of the last tweet and the questions will appear below. To view a specific question click on the general area of that question.

6. To reply to a question click the “chat bubble icon” associated with the question tweet! Type your response and click “reply”

For additional help on how to view and respond to questions, see steps 4-9 in “Asking Questions and Viewing Answers” pdf located on the “Attendance Guidance” webpage.
